

LAWYERS FOR LAWYERS Christie, Pabarue, Mortensen and Young has a broad-based trial and litigation practice, and the firm is especially proud of its lawyers who defend other lawyers, each of whom was named to the *Super Lawyers*[®] or *Rising Stars* list.

OUR CLIENTS In addition to representing a full range of professionals, CPMY also represents a broad spectrum of clients, including hospitals, insurance companies and their insureds, transportation companies, manufacturing concerns, nonprofit organizations, municipalities and businesses in the hospitality industry. The firm is dedicated to meeting its clients' goals in a professional, cost-effective manner. If pretrial resolution will enable clients to reach their goals, the firm's attorneys will enthusiastically work to that end. If those goals can be achieved only through litigation, the firm's lawyers are experienced and eager advocates in the courtroom.

OUR ATTORNEYS Based in Philadelphia, Westmont, N.J., Wilmington, Del., New York City and Boston, CPMY's attorneys have tried hundreds of cases—jury and non-jury—in state and federal courts throughout the country, and have litigated thousands more to successful pretrial resolution. Our lawyers' focus, either during negotiation or in court, is always to attain their clients' goals as quickly and directly as possible. It is this results-oriented approach that makes a difference to clients. Above all else, CPMY's lawyers are responsive and experienced trial attorneys.

OUR PRACTICE AREAS

Civil rights • Class action defense • Commercial lending • Commercial litigation • Commercial trucking and motor-vehicle defense • Construction defect litigation • Corporate governance and management • Criminal defense • Defense of catastrophic personal injury • Employment counseling and litigation • ERISA • Health-care litigation • Insurance and insurance-coverage analysis and litigation • Intellectual property litigation • Life, health and disability claims • Product liability • Professional liability defense • Reinsurance counseling, arbitration and litigation • Toxic tort defense • Trials, ADR and appellate litigation • UCC
